

## Remarkable Futures Scholarship | Canadian Recipients

The following information is included in the recipient's notification letter.

### **Social Insurance Number**

- Scholarship America will reach out to Canadian recipients ahead of award payment processing to request that they provide their SIN through a secure process. The SIN is required to produce a T4A slip and process their award payment.
- As payer of the award, Scholarship America is required to send the recipient a T4A slip for reporting the funds to Canada Revenue Agency (CRA). The recipient must inform their school so that reporting to CRA is not duplicated.

### **USD to CAD Award Payment**

- Award payments will be issued in USD, made payable to the recipient's school, and sent to the recipient's home mailing address in a Scholarship America envelope.
- The recipient's school will be able to convert the funds from USD to CAD when the recipient presents their award payment.
